Camp Hope Counselors are invaluable staff members who spend their whole day with one group of campers. They are role models who assist and motivate campers whether they are trying to learn a new skill or they have concerns about an issue or idea. Throughout the day counselors monitor and participate in the groups activities and do everything in their power to make each of their campers summer the most memorable yet. Counselors must be fun-loving, patient and genuinely concerned for the welfare and development of young people.
